Professional Summary

Results-driven frontend developer with experience building responsive web applications using React.js, Next.js, TypeScript, JavaScript and Tailwind CSS. Skilled in UX research and translating designs into scalable, accessible, and high-performance web solutions. Strong problem solver with a focus on clean code, maintainability, and collaboration to deliver efficient and seamless user experiences.

Technical Skills

Languages & Frameworks: HTML5, CSS3, JavaScript, React.js, TypeScript, Next.js, Express, Node.js

Styling & UI: Tailwind CSS, Responsive Web Design, Accessibility, Flexbox, Grid, DaisyUI, Material UI, Figma

Version Control & Tools: Git, GitHub, VS Code, Chrome DevTools, Vite, Vercel, Netlify, npm, Prettier, React Router

Databases & Authentication: Firebase, MongoDB (Atlas), REST APIs, JSON

Other Areas: API Integration, Debugging, Component-Based Architecture

Soft Skills

Communication, Problem-Solving, Team Collaboration, Attention to Detail, Self-Learning, Adaptability, Time Management

Projects

PlastiTrack <https://plasti-track.vercel.app>

- Designed and developed using Next.js, TailwindCSS and TypeScript.
- Focused on user interaction flow, data tracking, and modular code structure to support extendability.

Kino Xplorer – Web App <https://kino-xplorer.vercel.app>

- Developed a responsive movie discovery platform using **React.js** and **Tailwind CSS**.
- Used a **third-party movie API** to fetch and display real-time movie data dynamically.
- Implemented search and filtering features for genres, ratings, and release years.
- Built reusable UI components and optimized state management for smooth navigation.

Blogging Application – Full-Stack Project <https://bloggin-app-six.vercel.app>

- Built a full-stack blogging platform allowing users to create, edit, and delete posts.
- Implemented React.js frontend for a clean, responsive, and accessible UI.
- Developed backend with Node.js and Express, using MongoDB Atlas for database management.
- Integrated Firebase Authentication for secure user login and data access.

Education

Bachelor of Arts in English Literature

University of Chittagong

Certifications

- [SoloLearn – Web Development Certificate](#)
- [freeCodeCamp – Responsive Web Design](#)

Career Highlights

- Built and deployed multiple responsive web apps using Next.js, React.js, Tailwind CSS, and modern JavaScript.
- Implemented Firebase Authentication and MongoDB Atlas to create secure, full-stack web applications.
- Strengthened backend proficiency with Node.js and Express, gaining real-world API integration experience.
- Developed a well-rounded portfolio demonstrating strong front-end and emerging fullstack skills.
