Professional Summary

Results-driven Frontend Developer experienced in building responsive, user-focused web applications with React.js, JavaScript (ES6+), Next.js and Tailwind CSS. Skilled in transforming UI/UX concepts into scalable and accessible designs. Strong problem-solver with a keen eye for clean layouts and performance optimization. Combining creativity and logic from a background in English Literature, I bring effective communication and collaborative skills to every project.

Technical Skills

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), React.js, Node.js (Basics)

Styling & UI: Tailwind CSS, Responsive Web Design, Accessibility, Flexbox, Grid

Version Control & Tools: Git, GitHub, VS Code, Chrome DevTools, Vercel, Netlify, Figma

Databases & Authentication: Firebase, MongoDB (Atlas), REST APIs, JSON

Other Areas: API Integration, Debugging, Component-Based Architecture

Soft Skills

Communication, Problem-Solving, Team Collaboration, Attention to Detail, Self-Learning, Adaptability, Time Management

Projects

PlastiTrack

<https://plasti-track.vercel.app>

- Designed and developed a web-based plastic-recycling tracking app using Next.js, TailwindCSS and TypeScript.
- Focused on user interaction flow, data tracking, and modular code structure to support extendability.

Fresh Farm – E-commerce Web App <https://fresh-farm-zeta.vercel.app>

- Developed a responsive e-commerce site using React.js and custom CSS.
- Implemented product filtering, reusable UI components, and dynamic data rendering.
- Deployed on Vercel, ensuring high performance and a seamless user experience.

Blogging Application – Full-Stack Project <https://bloggin-app-six.vercel.app>

- Built a full-stack blogging platform allowing users to create, edit, and delete posts.
- Implemented React.js frontend for a clean, responsive, and accessible UI.
- Developed backend with Node.js and Express, using MongoDB Atlas for database management.
- Integrated Firebase Authentication for secure user login and data access.

Education

Bachelor of Arts (Honours) in English Literature

University of Chittagong

Certifications

- SoloLearn – Web Development Certificate
- freeCodeCamp – Responsive Web Design

Career Highlights

- Built and deployed multiple responsive web apps using React.js, Tailwind CSS, and modern JavaScript.
- Implemented Firebase Authentication and MongoDB Atlas to create secure, full-stack web applications.
- Strengthened backend proficiency with Node.js and Express, gaining real-world API integration experience.
- Developed a well-rounded portfolio demonstrating strong front-end and emerging full-stack skills.
